WHEELING COMMANDERY DEPARTS

In Pine Style Over the Wheeling & Lake Eric Rattroad in a Special Train of Sleepers-Many Out-of-Town People Join the Sir Knights in the Enjoyable Tour-Cyrone will Follow Friday-A List of Yesterday's Excursionists.

The train which left the Terminal station at 8 o'clock last evening on the Wheeling & Lake Erio railroad, bearing the Sir Knights of Wheeling Commandery K. T. and many others to the Triennial Conclave at Boston, was one of the finest special trains that ever pulled out of the city. It was composed of four handsome sleepers and a baggage car, and the sleeping coaches were decorated with streamers bearing the name of the commandery and the handsome insignia of the order. The cars were unusually fine ones, and the train, which flay at the station all day, was visited by hundreds of people and groatly admired.

Traveling Passenger Agent O. R. Wood had charge of the train and party, and he was kept pretty busy throughout the day completing the arrangements. He day completing the arrangements. He hustled to make the excursion a success, and accomplished his object thoroughly. A more attractive tour is seldom offered. Following is a list of the members of tha party. The accommodations on the train were all taken, and several who applied too late could not be taken. It is probable that another car could have been filled hast all who desired to go given notice in time. Those who had berths were:

passengers occup The passengers will occupy the sleepers during the entire trip. In this connection the following from an exchange is interesting: One of the unique features of the Knights Templars' conclave in Boston this menth will be a city of sleeping cars, the like of which has probably never before been seen. Track room for 500 sleeping cars is provided on the old McLean asylum grounds, a park-like expanse used by one of the best known sanitariums for years, until it gave way to the encroach-ments of business, and the managers sold out at a big price to the railroad

corporation.

Wheeling Commandery will leave on the Pan Handle road on Friday. A large exertsion will also go by that line from Parkersburg via Wheeling Friday.

TO-NIGHT'S PICNIC, A Banefit for the Seven Wheeling Park Bar Tenders,

This evening at Wheeling Park the seven accommodating bar tenders of that resort will have a benefit. The committees in charge have spared no pains to make it an attractive atlair, and there will no doubt be a large patronage. The Opera House band and orchestra will furnish the music, and there will be averal special leatures of an enjoyable character, smoon there a prize bowling coutest. The first prize will be \$10, the second \$3 and the third \$3. A phonograph will be on exhibition, and Cornetts Hose has agreed to play a selection to the antience in front of the instrument, and it will afterward be repeated by the machine. The Outlook for the State Fair Grows Brighter Daily.

Three experienced emissaries of the State Fair started out yesterday to secure entries of horses and stock. They were Mr. L. P. Sisson, who went to Canton, O. Mr. George Salade, who went to Tolodo and other points on the Wheeling & Lake Erie road, and Mr. Robert Anderson, who went to McKee's Rocks. Pa. All the indications grow brighter every day for the fair, which opens September 2. It is an old saying, confirmed by experience, that when the fakirs and "privilege men" are anxious for space at a fair its success is assured. These men hear the masses talk and know where they will be most numerously gathered. They are coming in here at a rate which promises much. In a short time yesterday three refreshment stands and one merry-go-round were added to the number. The enlarged space will all be occupied. The internality on the part of the association will greatly stimulate exhibitors in all departments, and the result will be a tremendous increase in the array of exhibits, to the corresponding benefit of the public. The increased accomodations ensure an abundance of room for all comers, however, and no exhibitor will be turned away, as in former years, for sheer lack of accommedations.

The management has entered into liberal arrangements with all the railroads cure entries of horses and stock. They

The management has entered into liberal arrangements with all the railroads leading into the city, and the people of West Virginia and the counties of Eastern Ohio and Western Peansylvania should turn out on masse and only a week of rest, recreation and instruction at this great institution, the West Virginia State Fair.

CYRENE COMMANDERY'S

Excursion to Boston via the Picturesque Bultimore & Ohio,

No finer cars will roll in and out of Wheeling than those to be used by Cyrene Commandery on the pilgrimage leaving Wheeling Friday afternoon, August 23.

August 23.

This is a trip no one should miss on account of the exceedingly low rate and the unequaled advantages for comfort offered by the committee. Instead of depending upon station eating hours, the Baltimore & Ohio Company have placed at the the disposal of the com-mittee Pullman builet cars, so that the tourists are always assured of a lunch without leaving the cars.

The arrangements are now complete

Then the holel accommodations in Boston. A very large number of commanderies must sleep in their own cars, owing to failure in securing hotel quarters. Cyrone's hustling committee made a contract for quarters eight months ago, and members of the party are assured of comfortable quarters while in Boston. Such a combination—all the comforts of modern railroad travel; the magnificent scenery along the line of the Baltimore & Ohio; the beautiful Bound Brook rante; the beautiful Bound Brook route; the sumptuously appointed steamers of the Fall River line, together with the hotel accommodations in Boston a certainty, is accommodations in Boston a certainty, is something no other excursion party out of Wheeling were ever promised. Parties going are notified that the train leaves the Baltimore & Ohio station on Friday at 5 p. m., share. The committee can accommodate a few more, but arrangements must be made immediately by applying to W. F. Shafler, chairman, or T. C. Buske, Passenger Ticket Agent, Baltimore & Ohio Railway.
